ABOUT US

Gulshan Brass Hardware is a leading manufacturer and supplier of high-quality brass hardware products, established in 1987. With a focus on innovation and customer satisfaction, we have become a trusted name in the industry, serving a diverse range of customers across India and beyond.

Our product portfolio includes a wide range of hardware fittings, including hinges, towerbolts, glass fittings, window fittings and jhoola fittings. We take pride in our ability to provide custom solutions that meet the unique needs of our customers, leveraging our expertise and cutting-edge technology to deliver superior quality products.

At Gulshan Brass Hardware, we are committed to excellence in everything we do. We use the highest quality materials and employ a team of skilled craftsmen to ensure that our products are of the highest quality. With over 1500+ satisfied customers, we are proud to be a trusted partner for architects, builders, retailers and homeowners across India and beyond.

With 5 factory outlets located in Pune, Bangalore, Chennai, Nashik, and Hyderabad, we are able to offer our products to customers across the country. We are proud of our legacy and excited about the future, as we continue to innovate and grow our business.

WHY BRASS ?

Brass is an ideal choice for door and window fittings due to its strength, durability, and resistance to rust and corrosion. It performs well in humid environments, making it perfect for both residential and commercial spaces. Brass also provides smooth functionality, ensuring doors and windows operate effortlessly over time. Beyond practicality, its elegant finish adds sophistication to any interior, with various styles available to match different décors. Additionally, brass requires minimal maintenance and has natural anti-microbial properties, making it a hygienic option for frequently touched surfaces. Its non-magnetic nature also prevents interference with electronic systems, making it a versatile and reliable material.

Aesthetic Appeal

– Hidden for a clean, modern look.

Durable & Strong

– Made from pure brass for long-lasting use.

Space-Saving

– Allows doors to open wider without obstruction.

Weight Capacity

– Use 2 hinges for 40kg doors, 3 hinges for 60-70kg doors.

Smooth & Silent Operation

– No creaking, often with soft-close.

Corrosion Resistance

Unlike iron or steel, brass does not rust or corrode, making it perfect for areas with high humidity, such as bathrooms and coastal regions.
